Preserving History Annual Campaign

We need your help.

The Sparta Township Historical Commission has been especially productive with open houses, annual programs, displays, walking tours, Monday morning coffees, research, and supplying businesses/individuals with historical items.

However, in light of all of this work done by a volunteer force, STHC still has organizing, scanning, indexing, and filing to complete to maximize the research center. Each item donated or put on loan to the commission needs to be efficiently located and identified. This massive digitization effort will preserve Sparta's history.

STHC has contracted Rachel Williamson, Masters in Museum Studies, for this digitization task on a part time basis. To increase productivity, we need interns and community volunteers.

STHC has budgeted an annual cost of \$15,000 to sustain contract fees, stipends for up to three interns, and museum preservation supplies.

This is where you can make the difference.

Your gift of time, talent, or treasure will be in the company of Sparta Community Foundation, STHC, and many other friends.

Please donate today!
